Cautious chemicals and industrial strength degreasers are not the only things Blaine Industrial Supply Inc. sells and general manager Carl Epperson wants the community to know it.

"We are always looking at ways to add onto our business and bring in new customers," said Epperson. "A lot of people buy from us because they don't want to go to (a Sam's Club). By buying from us they can save a lot of money." Epperson said.

**Abilene jede now youth pastor**

At only 22 years old, it hasn't been too long since Michael Hendon was a teenager himself and now he will be working with them.

The recent Southwestern Assemblies of God University graduate was named youth pastor for the Onealite Youth Ministry at Christian Center Church in Hobbs last month.

"The church had been without a youth pastor since last fall. I've seen that work in my favor — being young," Hendon said. "I'm just a couple of steps ahead of them (the youth) so I can relate to what they are going through." Although the Abilene native recently worked in the Dallas area, he is used to living in a small town like Hobbs.

"Hobbs is a smaller version of Abilene really," Hendon said with a laugh. "It’s dusty and I'm used to living in a town like this." Hendon said.
